ADVOGADOS

Unique services for unique clients

FIRM

Suessmann Advogados was founded with the purpose of providing personalized tax legal advice to national and multinational companies, fully aligned with the interests and needs of each client, in an agile and effective way.

With more than fifteen years of experience in the tax area, the Firm strives for excellence in service and, consequently, for the technical quality in the provision of services, always aiming at a long-term partnership with its clients.

Our premise in our work is to thoroughly understand the particularities and complexities of each of our clients, so that we can analyse and present, with the support of our technical knowledge, the best legal solution.

Our headquarters in São Paulo has all the necessary infrastructure to advise our clients, with full availability, throughout the national territory and abroad.

PRACTICE

We are specialized in the tax practice and we have the necessary expertise to assist national and multinational clients from all business segments in tax advisory and litigation matters.

SERVICES:

ADMINISTRATIVE AND JUDICIAL LITIGATION:

We assist our clients in administrative and judicial proceedings, whether in the defense against tax assessments formalized by the tax authorities or in the recovery of amounts unduly collected, in all spheres and instances.

NON-LITIGIOUS ADMINISTRATIVE PROCEDURES:

We advise our clients on administrative procedures and provide all the necessary assistance to respond tax audits, request special regimes and preparing and monitoring requests for ruling at the municipal, state and federal levels.

TAX PLANNING:

We provide advice on tax matters that involve the operational activities of our clients, as well as cases of corporate and restructuring planning.

LEGAL OPINIONS:

We provided legal opinions on the most varied topics in the tax area, so that our clients can make well-informed decisions.

DUE DILIGENCE IN THE ACQUISITION OF CREDIT RIGHTS:

We make a comprehensive analysis of all the necessary issues so that our clients can carry out the acquisition of credit rights, with the necessary legal certainty, indicating the possible risks of the operation.
